this second part of volume iv deals with the cultural achievements of the various peoples of this immense region arts and crafts literature architecture music science medicine and technology

adeeb khalid provides a comprehensive history of central asia from the mid

18th century to today shedding light on the historical forces that have shaped the region under imperial and communist rule

while the early history of the steppe nomad is shrouded in obscurity the empire of the steppes brings both the general reader and the specialist the majestic sweep grandeur and the overriding intellectual grasp of grousset s original hailed as a masterpiece when first published in french in 1939 and in english in 1970 this great work of synthesis brings before us the people of the steppes dominated by three mighty figures atilla genghiz khan and tamberlain as they marched through ten centuries of history from the borders of china to the frontiers of the west the book includes nineteen maps a comprehensive index notes and bibliography

central asia s long and complicated history is teeming with diverse cultures and traditions the nations of kazakhstan kyrgyzstan tajikistan turkmenistan and uzbekistan have served as a major cultural crossroad throughout the millennia with many customs colliding and blending along the way in this comprehensive volume students can learn how central asia developed in ancient times and how the nations of the steppes evolved through the middle ages into modern history from the silk road to russian colonization to soviet rule central asia s ever changing nations continue to play an important role in international society today this volume is the perfect addition to any high school public or undergraduate library

this is a study of central asian history from chinggis to the present with reference to relations with china russia india and western europe and to wider themes of world history an introductory chapter defines central asia in time place and ecology the following chapters relate central asian history to the eight world institutions whose development it is argued constitute world history in the proper sense

between the ninth and the fifteenth centuries central asia was a major political economic and cultural hub on the eurasian continent in the first half of the thirteenth century it was also the pre eminent centre of power in the largest land based empire the world has ever seen this third volume of christoph baumer s extensively praised and lavishly illustrated new history of the region is above all a story of invasion when tumultuous and often brutal conquest profoundly shaped the later history of the globe the author explores the rise of islam and the remarkable victories of the arab armies which inspired by their vital austere and egalitarian desert faith established important new dynasties like the seljuks karakhanids and ghaznavids a

golden age of artistic literary and scientific innovation came to a sudden end when between 1219 and 1260 genghis khan and his successors overran the chorasmian abbasid lands dr baumer shows that the mongol conquests while shattering to their enemies nevertheless resulted in much greater mercantile and cultural contact between central asia and western europe

this compact book traces the history of the nomadic steppe tribes and sedentary inhabitants of the oasis city states of central asia from pre history to the present golden covers themes of trade religion empire technology and language as he introduces readers to the people who have inhabited this region

post cold war historiography of modern central asia has been characterized by a focus on cultural history most of this scholarship rests on a set of assumptions about traditional institutions and social practices which merely reflect the bias of soviet or even tsarist era historiography explorations in the social history of modern central asia addresses the need for a remedy to this state of affairs and thus offers new insights on a number of subjects relating to the social history of the region it includes essays dealing with property relations resource management forms of local administration the constitution of new social groups the construction of identity categories and an enquiry into the landscape of islamic practices among the nomads

for those who still get their stans mixed up hiro s book provides a detailed and nuanced overview of the region financial times best books of the year the nations of uzbekistan turkmenistan kazakhstan kyrgyzstan tajikistan turkey and iran the majority of them former soviet republics remain little understood in the west even in the post cold war era this book delves into these central asian countries their histories cultures economics politics militaries and relationships with regional neighbors russia in particular ultimately inside central asia is an outstanding in depth introduction to this part of the world full of dependable history telling and analysis the economist praise for the work of dilip hiro the writing is clear and informative the new york times hiro s mix of lively writing and serious detail should draw in readers choice intriguing analysis publishers weekly an eminent historian kirkus reviews
